MIC BREAK after #35: Morphine, new album Cocoon (out Dec. 4, Partisan)

READ (about 60 sec)	"That was Morphine, Cocoon, the title track of a new album out Dec. 4 on Partisan. It is their first full-length since The Night in 2000, which came out after singer Mark Sandman died of a heart attack on stage in Italy. The new record is built from sessions the band started and abandoned in 1998. Sandman's partner, Sabine Hrechdakian, worked with producer Paul Q. Kolderie to go through the old tapes. Kolderie, who made Morphine records with Sean Slade and also produced Pablo Honey and Live Through This, remixed them. Dana Colley added new baritone sax on three songs. There is piano and guitar, and more than one drummer. Hrechdakian says the title is about coming home, and she pictures the cocoon as a spaceship for two. The title track is out now, with an archival video."
----------------------------	--

Ad-lib topic	Background	Source
The story	Surviving members reunited to finish an eight-song LP started and abandoned in 1998, a year before Sandman died on stage. It is the first full-length since <i>The Night</i> , released after his death on DreamWorks in 2000. Morphine disbanded in 1999 right after his death. Decades in the making.	Pitchfork, Line of Best Fit
Producers	Paul Q. Kolderie and Sean Slade, Morphine's longtime production duo, ran the 1998 sessions. They also produced Radiohead's <i>Pablo Honey</i> and Hole's <i>Live Through This</i> .	Pitchfork
Why it was shelved	SPIN reports pressure from DreamWorks and friction with Kolderie, and that Sandman set the material aside and self-produced <i>The Night</i> . Only SPIN gives this reason, so say "reportedly." Sessions were at Sandman's home studio in Cambridge, Mass. (SPIN; SPIN dates some work into 1999).	SPIN
The tapes	Untouched for more than two decades. In 2023, Hrechdakian (Sandman's partner and the Morphine estate manager) and Kolderie digitized and assessed them, then picked the songs and mixes. Kolderie newly mixed the album. He said he was astounded by the sound and felt right "bringing them back from the crypt."	Pitchfork, Rolling Stone
The sound	Not the usual minimal trio. The recordings add piano, guitar and contributions from more than one drummer. <i>The Night</i> was the first Morphine LP recorded as a quartet, with drums from returning cofounder Jerome Deupree and his replacement Billy Conway.	Pitchfork
Dana Colley	Morphine's baritone sax player. Reluctant at first, then recorded new sax parts for three songs in early 2026, playing along to the 1998 recordings. He describes it as one foot in the past and one in the present, with the sax bridging the gap.	Pitchfork, Rolling Stone
The title	Hrechdakian says Sandman loved touring but also loved coming home to cocoon. The house was also his studio, with tape running and friends dropping by. Lyrics cover missing loved ones on tour and coming home. A space travel thread runs through the album; she pictures the cocoon as a spaceship for two.	Pitchfork
The songs	Tomorrow, Wig, Patience, Spaceman Charm, Justine, Moons of Jupiter, Cocoon, Pretty Face. Spaceman Charm has never been heard before. Some of the others circulated as alternate versions on unofficial releases and the 2004 compilation <i>Sandbox</i> . Title track is out now with an archival video.	Partisan, Line of Best Fit, Pitchfork
Art and notes	Cover is a photo Sandman took of Hrechdakian's reflection in a train window. Liner notes by poet and essayist Hanif Abdurraqib, who writes about finding Morphine after Sandman's death.	Bandcamp, Stereogum
Sandman	Singer and two-string slide bassist. Died of a heart attack at the Nel Nome del Rock festival in Palestrina, Italy, in 1999. July 3 and age 46 are from background knowledge, not the coverage above: verify before quoting.	Pitchfork, Hot Press
Tonight's track	We played the new album's title track (3:54), a newly mixed 1998 recording, #35. It is not on <i>Cure for Pain</i> (1993). An earlier version is on <i>Sandbox: The Music of Mark Sandman</i> (2004). Do not call it a re-recording.	Verify
Release details	Out Dec. 4 on Partisan; LP (black vinyl, gatefold) and CD (digisleeve with lyric booklet). Pre-orders are open. One outlet printed Dec. 8; the label and most coverage say Dec. 4.	Bandcamp, Partisan
